

CEDAR KEY PROPERTY IN A BIG MUDDLE

Proceedings to be Inaugurated
Which Will Cause Trouble.

GAINESVILLE LAWYER ACTIVE

Files Bill Asking for Removal of Cloud
of Title and Claims that Titles on All
Property of Town of Cedar Key Are
No Good.

One of the most important cases
ever filed in this State has just been
filed at Bronson, the county seat of
Levy county, which involves the ques-
tion of title of the entire town of Ce-
dar Key.

This case is in the nature of a bill
filed by Attorney W. E. Baker of this
city to remove the cloud from title and
for injunction against the Cedar Key
Town Improvement Company, repre-
sented by J. A. Williams, L. B. Par-
sons and others. Attorney Baker is
representing in the cause the heirs of
Thos. H. Parsons, being James Pierson
of Rosewood, J. T. Pierson and W. H.
Pierson of Hillsboro county.

The bill sets forth many irregularities
of the titles of the property owned in
Cedar Key. The claim is based upon a
patent granted by the United States
government as far back as 1853, to
Thos. H. Parsons, on what was known
as an armed occupation permit, which
was issued to Mr. Parsons in 1842. The
defendants, many of whom have
owned this land for several years,
claim possession by the swamp land
act of 1850, under which act the State
came into possession of all the swamp
and overflowed lands which were owned
by the United States government, and
on which no settlement had been made
prior to the passage of the act.

The patent in question covers about
164 acres, and includes the entire area
of the city of Cedar Key, improved
and unimproved.

Cedar Key is a town of nearly a
thousand inhabitants, and one of the
most important fishing points on the
Gulf Coast. Its oysters are noted the
world over for their excellent flavor,
which has brought the town into great
prominence. The fishing industry, as
well as oyster canning establishments
and other factories akin, have been
worth a great deal commercially to
the city and its people, with the result
that progress, while not brisk, has
been steady, and the people have prospered
and built for themselves nice
business houses and homes. The result
is that the Cedar Key folks have lived
comparatively unmolested by trouble
of the outside world, have built them-
selves up to comfortable livings, and
are perfectly contented among them-
selves.

But this new turn of affairs is going
to calve things in Cedar Key. It
will be like stirring up an ant's nest,
and it is no more than natural that the
people will rise as a unit in opposition
to the cause, for they feel that Cedar
Key belongs to them, especially that
portion of town which they have
bought and paid for with hard-earned
money, and which they have held un-

NATURE SPARES

The Stricken Rose From Grief.
What a fortunate provision of nature
it is, that deprives the rose of mental
suffering, for how poignant would be its
grief to discover, in the height of its
blooming glory, that a canker fed at its
heart, and that its beauty and fragrance
were doomed forever. Nature always
spares the suffering; she is a veritable
store-house of pleasing rewards, for
those who seek her aid. In the years
gone by falling hair and grayness have
cast a gloom over the lives of thousands
of young women, but thanks to the in-
vestigation of scientists the true cause
of hair destruction is now known to be
a germ or parasite that burrows into
the hair follicles. Newbro's Herpicide
absolutely destroys this germ, thus
permitting the hair to grow as nat-
ure intended. Sold by leading drug-
gists. Send 10c in stamps for sample
to The Herpicide Co., Detroit, Mich.

molested for many years. The out-
come of the case will naturally be
looked for with a great deal of interest
and anxiety.

Attorney Baker seems to be confi-
dent in the matter, and says he will
win out. He is an unusually shrewd
young man, and declares he knew what
he was about before entering the case,
as he had sifted the matter to the bot-
tom. "There is no doubt in the world
but that this property will revert back
to the heirs," he said, "because it is as
plain as the nose on a man's face that
it belongs to them under the original
grant."

Attorney Baker states that the pres-
ent suit is to remove the cloud from
the unimproved property. All prop-
erty was deeded or granted at the
same time and under the same act,
however, and it will be his purpose to
have brought cases of ejectment of
owners of improved property.

These proceedings will be watched
with interest, as the outcome means a
great deal to the people who are re-
sponsible for the making of Cedar Key.

Twenty-Three Killed in Wreck.
Liverpool, July 29.—An electric ex-
press train on the Lancashire and York-
shire railroad bound from Liverpool
to Southport, collided with an empty
stationary train at the railroad station,
causing the death of 23 persons, and
the injury of many. The first car
of the express, which was crowded,
was smashed to pieces and only six
of its occupants escaped. The road
was recently given an electric equip-
ment. This is the first serious acci-
dent that has occurred on an electric
railway in England, and it filled with
horror the numerous waiting passen-
gers standing at the Hall Road station
who were spectators of the disaster.

Cyclists Honor Atlanta Man.
New York, July 29.—The fourth an-
nual meeting of the Annual Cycle Tradi-
ng association closed its three days'
session here yesterday with the elec-
tion of officers. E. K. Lloyd, of
Pittsburg, was chosen president. The
new board of directors includes James
Fintze, Newark, O., and C. L. Elyea,
of Atlanta, Ga. A. M. Schiffy was re-
elected secretary and treasurer. The
movement to obtain the co-operation
of manufacturers and jobbers in auto-
mobile supplies, it was reported, had
received a considerable impetus.

Not in Danger of Overflow.
San Francisco, July 29.—According
to telegraphic advices received at the
office of General Manager Calvin, of
the Southern Pacific company, today
the company's tracks are in no imme-
diate danger of overflow from the high
water in the Salton sea. The water
is within 2 feet of the tracks, but
there has been no appreciable rise in
the water for several days.

French Steamer Ashore.
Guernsey, Channel Islands, July 29.
—The steamer which went ashore yester-
day on the west coast of this island,
is the French steamer Trignac from
Rosario, June 21, for Rouen. She re-
mains on the rocks in a base position.
Her cargo of corn is being jettisoned.

A VAST STONY WRECK.

The North Cape, in Norway, is Almost
the World's End.

The North cape, Norway, is not quite
the most northerly land in Europe, but
it is far enough north, a dismal black
point jutting out into the sea nearly
a thousand feet high. Leading to the
top is a rough path not difficult to as-
cend unless it be wet and slippery.
From the top to the edge of the cliff
is a half mile or more of hard walking
over stones or through mire.

At last we come to the edge of the
cliff. The sun, though it is nearly 12
o'clock, has almost reached the lowest
edge of his daily path, but is still far
above the shimmering sea. You stand
on that lonely point feeling, except for
the presence of those around you, that
you are quite out of the world in which
you have hitherto spent your life. You
stand without on a rock pelted by ev-
ery storm of wind and snow. Attacked
by the fiery summer sun and pitiless
winter frost, no wonder that neither
tree nor shrub nor scarce a flower can
exist. Among the most solemn places
on the globe it must be reckoned the
world's end, a vast stony wreck pro-
jecting above the wide waste of wa-
ters.—Albert L. Bolls in Booklovers
Magazine.

Feel Impending Doom.

The feeling of impending doom in
the minds of many victims of Bright's
disease and diabetes has been changed
to thankfulness by the benefit derived
from taking Foley's Kidney Cure. It
will cure incipient Bright's disease
and diabetes and even in the worst
cases gives comfort and relief. Slight
disorders are cured in a few days. "I
had diabetes in its worst form," writes
Marion Lee of Dunreath, Ind. "I tried
eight physicians without relief. Only
three bottles of Foley's Kidney Cure
made me a well man." J. W. McCollum

Customs Red Tape.

Several tins of paint were found
among the luggage of an Englishman
who was travelling to Monaco. He
was in charge of a racing craft and
intended to use the pigment to touch
up the vessel after its long railway
journey. The French customs officials,
however, took exception to the paint on
the ground that it contained diabolic
spirit, whereupon the traveler argued
that he intended bringing it back on
leaving the country. Asked how he
was going to bring it back, he replied,
"On the sides of the boat." Even this
plea did not suffice, the authorities ar-
guing that the spirit would have evap-
orated.

The Great Assam Earthquake.

After the great Assam earthquake
which occurred on June 12, 1897, the
earth tremor went on continuously for
several days. It was estimated that
there were 200 shocks a day for a few
days after June 12, and, though these
had diminished to twenty or thirty a
day by the middle of July, the people
were accustomed for at least two years
after the earthquake to a daily shock.
These after shocks were the residual
effects of the first big disturbance and
had nothing dangerous in their charac-
ter.

Bent Her Double.

"I knew no one, for four weeks, when
I was sick with typhoid and kidney
trouble," writes Mrs. Annie Hunter of
Pittsburg, Pa., "and when I got better,
although I had one of the best doctors
I could get, I was bent double, and had
to rest my hands on my knees when I
walked. From this terrible affliction I
was rescued by Electric Bitters, which
restored my health and strength, and
now I can walk as straight as ever.
They are simply wonderful." Guar-
anteed to cure stomach, liver and kidney
disorders; at all drug stores; price 50c.
